LEE PRICE

Sentenced to One Year in the Penitentiary For Cutting His Wife's Throat—Other Court News.

Leo Price, a colored boy about 23 years of age, was sentenced to one year in the penitentiary yesterday afternoon for cutting and wounding with intent to kill. Price was accused of cutting his wife's throat last fall. The trouble originated over a second woman, whom Price had gone to see. The Green-Eyed Monster immediately took possession of his wife, who engaged in a fight with the woman. Price cut his wife with a knife, which it was alleged that his mother had handed him. Price was arrested, together with his mother, who was held as being an accessory, but who was later released.

Price's wife did not appear before him yesterday, but he was conveyed without her testimony. He was represented by H. C. Curran.

In the case of Florence Barnett's administrator against Dr. Leslie Brand, the plaintiff appealed to the Court of Appeals.

Mrs. Sarah Roer was given a judgment against the Moerline Brewing Co., in the sum of \$100 for failure to make repairs on the part of the defendant in a piece of property it had rented from the plaintiff. The plaintiff was given nothing on the rent. Motion for a new trial was immediately filed.

Judge Newell drew the names of 24 persons from the wheel for the next Grand Jury and 36 names for the petit jury.

John Breckenridge, charged with having liquor in his possession for the purpose of sale, was tried before a jury, which after some deliberation, adjudged him guilty of the offense charged, and placed his punishment at a \$75 fine and 25 days in jail. This closed the jury trials for this term of court.

Immediately preceding the Breckenridge trial, which was the final jury case of the term, Judge Newell, in addressing the jury before dismissal, said he wished to express his appreciation of the very active interest taken during the term, and that in all his judicial career, both in this district and in other parts of the state, he had not found a more satisfactory jury. This is the first jury for many terms of court in which there was not one or more hung cases. The jury was composed of some of the best business men in the county and at no time did they take over half an hour in their deliberations, exceeding the Pete Faulkner case, which occupied several hours.

The following men were given jail and penitentiary sentences during this term of court:

Russell Batts, Alais Gillman, carrying concealed a deadly weapon, \$50 and ten days in jail.

Pete Faulkner, murder, three years in penitentiary.

William Breckenridge, murder, not less than 5 nor more than 15 years in penitentiary.

Trueman Poe, \$75 and ten days in jail.

Robert Beckett, breaking storehouse, to Reform School.

Robert Crawford, houseburning, one year in penitentiary.

Wesley Osborne, houseburning, six years in penitentiary.

Reason Ballard, carrying concealed a deadly weapon, \$50 and ten days in jail.

Albert Foster, obtaining money under false pretenses, one year in penitentiary.

Allen Fletcher, converting property in possession of common carrier to his own use, jail sentence.

This leaves only two prisoners in the county jail to be tried before the Circuit Court, Charles and Edward Nagle, who have been held over to the next Grand Jury.

BIG BICYCLE PARADE

The boys and girls of the city, owning bicycles, yesterday afternoon pulled a big parade along the streets of the city in celebration of Bicycles Week. Fifty-three boys and girls started in the parade and many more joined as the parade progressed. Many of the wheels were decorated with bunting and flags and the parade presented a very pleasing appearance.

All those having part in the Pageant of Progress to be given by the Epworth League of the Third Street M. E. Church on Sunday, May 13th, are requested to be at the church this evening at 7 o'clock for rehearsal. This promises to be one of the biggest things ever attempted by this thriving League. There will be forty-six people having part in the pageant many of them in costume. It will take the part of the evening church service. This League never does things by halves. Plan to attend this service and you will see things that will surprise you in connection with the work and mission of the Epworth League.

MEMORIAL DAY

Decoration of the Soldiers Graves in the Maysville Cemetery Will Be Made—Assistance Wanted in Locating Them.

"Decoration Day" which is annually observed in this city by the surviving old soldiers and their families by decorating the graves of the comrades who have passed to the Great Beyond, will this year be no exception and plans are being made for the day.

There are at present about 165 soldiers of the Union sleeping in the Maysville Cemetery. Practically all of the graves have been marked or located but there are many that are not known to those interested. When the G. A. R. Post of this city was in existence the members of the organization kept a list of those buried there but doubtless some escaped their watchful eyes. Since the disbanded of the post last fall on account of the list of members gradually growing smaller no record has been kept at all.

The Forest Avenue M. E. Church Sunday School on last Sunday volunteered to perform the duty of placing a flag on each grave of a soldier in the cemetery but they will need a great deal of help in the work. This is a duty we owe the dead heroes and one that should not be overlooked.

The annual memorial service this year has not been planned for to any extent but it is thought most likely that it will be held as usual in Beechwood Park the Sunday preceding Memorial Day.

All persons interested in the matter of helping decorate the graves will kindly see Mr. George M. Harding, Superintendent of the Forest Avenue M. E. Sunday School.

WILL OBSERVE BABY WEEK

The Mason County Woman's Club has made plans for the observance of Baby Week in this city beginning June 9, closing at the end of that week. This will be the second year for the observance of this week and a clinic will be held as was done last year. Dr. Phillip Harboure of Louisville, who conducted the clinic last year will again be present in the city. The Woman's Club is very much interested in all affairs pertaining to the growth of the community and its welfare and this is one of the many instances where they are trying to better conditions.

WORKING ON DAM

A large number of men are now working on Lock and Dam No. 33 just above the city, their work consisting of tearing away the coffer dam around the lock already constructed. No construction work is now going on but there are promises of great activities within the next few days. This will mean steady work for a great number of Maysville men in the capacity of carpenters, electricians, laborers, etc.

COUNCIL MEETING MONDAY

The regular monthly meeting of the City Council will be held on next Monday night, the first for five weeks. The main thing to come before the City Fathers is the matter of the construction of a new firehall on the city lot on Limestone street. The annexation of Eastland and Oklahama will also probably come in for a full share of the discussion of the evening, as will the matter of the wharfage facilities of this city.

USING ASPHALT

The employees of the Maysville Street Railway and Transfer Co., have been fixing the brick in the street at the switch west of Sutton street this week. In the space between the rail and the brick, asphalt is being put down.

Paid \$105.00 for a Studebaker wagon 38 years ago

IN 1876 Mr. R. F. Dewey of Millersburg, Ind., bought a Studebaker farm wagon for \$105. Dividing \$105 by 38 years it will be seen that Mr. Dewey's Studebaker cost him—to date—\$2.77 a year.

—and, as the wagon is still giving good service, every additional year that Mr. Dewey uses his wagon still further reduces the cost per year.

You can't beat this for an investment.

We carry a line of Studebaker wagons just as strongly made, just as reliable, as the Studebaker wagon Mr. Dewey bought 38 years ago.

Come in and look them over. We will demonstrate to you that a Studebaker wagon is an investment that pays every time.

THE CHANCES OF THE ARMY BOYS

When a young man enlists in the army with the drums beating, there is a fearful time among his relatives. And yet, the chances are that thirty years from today, just as large a proportion of these new recruits will be alive and well as of the fellows that stay at home.

The chances that any large proportion of our troops will do active fighting does not now seem large. By energetic preparation and rapid organization of our military forces, and a show of good fighting strength, we could probably avert invasion even if the protection of the British blockade were withdrawn.

Horrible as modern warfare seems, medical science saves by far the greater part of the wounded. A big share of the horrible losses of former wars was due to neglect of wounds and ignorance of treating them.

To balance the dangers of military service, there is the fact that the boys now enlisting are going to live very healthful lives. They will be drilling and practicing war maneuvers in the wholesome open air. They will become physically fitter, able to endure strains, full of good health and courage. For all who do not actually go into battle, it will give them reserves of strength and energy for years to come.

Meanwhile the boys who stay at home will for the next year or two be living largely indoor lives, working in stooping postures over desks, breathing contaminated air. There are always some who give way under these conditions and suffer serious impairment of vital organs. It's dangerous living most anywhere now, and as some humorist said, the bed is the most risky place, as most of us die there.

Of course, graces are exasperatingly high, but imagine how much worse it would be if mamma's baby had to divide its milk with papa's automobile.

Our idea is that no man is too old for military service if he gets envious when he sees girls kissing the young recruits.

Of course it is pretty bad as it is, but suppose the fat men were lace curtains at their bay windows?

Our experience is that riding a bicycle is more exercise than excitement.

HOW TO GET STRONG

A Simple Remedy.

Whatever the cause, we want to say to every person who needs strength, you need Vinol as it is the most efficient strength creator we have in our store. Here is proof from Dorchester, Mass.:

"I don't know what we would do without Vinol in our family. I was weak, nervous and run-down as the result of an operation, and Vinol restored my strength. Then Grandmother had a nervous breakdown, and Vinol built her up and restored her health and strength after everything else had failed. We have used Vinol for 13 years in our family, and would not be without it in the house." Myrtle L. Healey, Dorchester, Mass.

We believe in Vinol because we know it is a great strength creator, due to the beef and cod liver peptones, iron and manganese peptones and glycerophosphates, all dissolved in a pure medicinal wine, so we always return the purchase money if Vinol fails to benefit those who buy it. FIRST MARTYRS UNDER AMERICA'S WAR FLAG

Washington, May 2—Information received today by the Navy Department, transmitted officially by Consul Washington, at Liverpool, ended all hope for the safety of Lieutenant Clarence C. Thomas, commander of the naval guard aboard the American steamer Vacuum when the ship was destroyed by a German submarine. The message said it had been established that the Lieutenant lost his life and indicates also that of the twelve gunners comprising the naval complement, four were dead.

Lieutenant Thomas was born at Grass Valley, Cal.

Frankfort, Ky., May 2—State Auditor Greene today announced the amounts on hand in the various funds of the State Government May 1: Sinking fund, \$126,674.67; School fund, \$80,344.21; State University, \$5,258.03; General Expense fund, \$821,600. The outstanding indebtedness amounts to \$4,259,377.31 as against \$4,015,717.79 for last month.

U. S. RECOGNIZED AS NEW ENEMY

Amsterdam, via London, May 2—German Reichstag resumed its session today. The president of the chamber, Dr. Johannes Kaempf, in his opening address, speaking of the entry of the United States into the war, said a new and mighty opponent had joined the ranks of Germany's enemies. President Wilson in a message to Congress on April 2, declared, said he was waging war against Germans in the interests of mankind and on the ground of justice.

"The German people rose in August, 1914, as one man and still fight today to defend its freedom, independence and life. President Wilson says he has no quarrel with the German people for whom he only entertains sympathy and friendship.

"President Wilson desired by his message to sow discord in Germany. As president of the German Reichstag, which is elected on the freest franchise in the world, I declare that this effort will come to naught; that it will have no influence on the common sense of our people and that President Wilson will bite granite."

This remark evoked thunderous applause. "With our trust heart's blood we establish the German Kaiserdom, and with our trust heart's blood we shall fight for the Kaiser and the empire. (Renewed applause.)"

"What our forefathers fought for and longed for, what we have achieved on the battlefield, will not perish, even at President Wilson's word of command."

1,000,000 TAKE PART IN MAY DAY FESTIVAL IN PETROGRAD

Petrograd, May 1 (Via London)—The Russian capital today inaugurated its first May Day fete without fear of opposition from any reactionary quarter. The weather was beautiful and numberless processions passed along the streets throughout the day. Everything passed off in perfect order, although a million persons participated in the parade. The government had proclaimed the day a general holiday and all government offices and even the restaurants in the city were closed.

Too Ill to Walk Upright. Operation Advised. Saved by Lydia E. Pinkham's Vegetable Compound.

This woman now raises chickens and does manual labor. Read her story: Richmond, Ind.—"For two years I was so sick and weak with troubles from my age that when going up stairs I had to go very slowly with my hands on the steps, then sit down at the top to rest. The doctor said he thought I should have an operation, and my friends thought I would not live to move into our new house. My daughter asked me to try Lydia E. Pinkham's Vegetable Compound as she had taken it with good results. I did so, my weakness disappeared, I gained in strength, moved into our new home, did all kinds of garden work, shoveled dirt, did building and cement work, and raised hundreds of chickens and ducks. I cannot say enough in praise of Lydia E. Pinkham's Vegetable Compound and if these facts are useful you may publish them for the benefit of other women."—Mrs. M. O. JOHNSON, Route 3, Box 190, Richmond, Ind.

SWITZERLAND ASKS THAT U. S. EXPORTS BE NOT RESTRICTED

Berne, Switzerland, via Paris, May 2—There is growing anxiety in Switzerland that the United States may restrict exports to neutral countries and Edmund Schulthess, president of the federation, today gave the Associated Press a comprehensive statement of the situation. The president made a warm appeal to President Wilson and the American people not to allow a small sister republic to meet the tragic fate of starvation which would be her inevitable lot if her imports were reduced, and clearly outlined Switzerland's utter dependence not only on America, but both groups of European combatants.

President Schulthess likewise pointed out just what supplies were needed from the United States but declined categorically that any portion of such supplies goes to the Central powers.

WORKERS URGED TO UNITE TO ESTABLISH WORLD PEACE

New York, May 1—Working men everywhere must unite to establish permanent peace in the world and factional strife among them will not be tolerated, Samuel Gompers, president of the American Federation of Labor, declared at the national convention of the National Cloth Hat and Cap Makers' Union of America held here today. He said the Jewish press of this country must not be permitted to dominate the labor movement, and he warned his hearers that unless they quickly settled the differences between themselves and the United Hatters of America, their charter in the American Federation of Labor will be withdrawn.

6 UNIVERSITIES NAMED AS AVIATORS' TRAINING SCHOOLS

Washington, May 1—Six universities were designated by the War Department tonight as training schools for prospective army aviators, who will be given two or three months instructions in physics, mechanics and military drill, beginning in about six weeks. The schools are Cornell, Illinois, Ohio State, California and Texas Universities, and the Massachusetts Institute of Technology.

Some of the 6,000 applicants for the army aviation corps will be selected for assignments to the universities after preliminary physical and mental examinations.

ENDORSED AT HOME

Such Proof as This Should Convince Any Maysville Citizen.

The public endorsement of a local citizen is the best proof that can be produced. None better, none stronger can be had. When a man comes forward and testifies to his fellow-citizens, you may be sure he is thoroughly convinced or he would not do so. Telling one's experience when it is for the public good is an act of kindness that should be appreciated. The following statement given by a resident of Maysville adds one more to the many cases of Home Endorsement which are being published about Doan's Kidney Pills. Read it.

Frank Taylor, Prop. barber shop, 401 E. Second St., Maysville, says: "A few months ago, I had a slight attack of kidney trouble and my kidneys were irregular in action. The kidney secretions were too frequent in passage and then again, were scanty and highly colored. I had a dull, steady ache through the small of my back and my back was weak. Four boxes of Doan's Kidney Pills, which I got at Chanisor's Drug Store, cured me of the complaint."

Mr. Taylor is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that cured Mr. Taylor—the remedy backed by home testimony. 50c all stores. TENTATIVE REVENUE BILL RAISED TO \$1,650,000,000

Washington, May 2—Persistent upward revision of the tentative draft of the war revenue bill by the House Ways and Means Committee brought the total today to be raised up to approximately \$1,650,000,000 or within \$165,000,000 of the amount originally suggested by Secretary McAdoo and refused by a sub-committee.

Plans now are to raise the remaining \$165,000,000 through consumption taxes, if necessary or, as a last resort, by tariff changes. Agreement has been reached to discuss proposed tariff increases after all questions have been disposed of. Hope now exists that the committee can agree on many tariff changes without stirring up a partisan fight.

Partisanship has entirely disappeared in the discussion and in some of the bitterest arguments Democrats have been arrayed against Democrats and Republicans against Republicans. Discussions today centered largely about the excess profit tax and developed the old alignment of those who desire to make individual income taxes pay most of the burden, relieving business of it, and others, including Representative Fordney, of Michigan, who is unalterably opposed to advancing income taxes further. The subcommittee's excess profit tax section would double the present rate. Proposed taxes on wine and cigars also were discussed today. A few minor changes were made in the proposed cigar rate.

TEACHERS' CONFERENCE TO BE HELD MAY 14-15

Frankfort, Ky., May 2—A conference for Teachers' Institute instructors has been called to meet in this city May 14 and 15. The call was issued by E. C. McDougle, president of the Institute Instructors' Association, who urges every man, woman and child interested in institute work to attend the meeting.

The program Monday afternoon will be devoted to a discussion of the institute syllabus and changes to be made therein. A round table discussion of plans and methods for conducting institutes and results to be attained will be heard Monday evening. The entire Tuesday session will be given over to a round table discussion of the need of uniform instruction in all of the institutes of the State, and the great need of some standard of qualification for institute instructors.

LAMP POST IS URGED TO CURE FOOD JUGGLERS

Washington, May 2—The rising sentiment in Congress for legislation to meet the nation's food problems broke out in the Senate today in a debate that started over the high price of seeds, but developed into the denunciation of food speculators with predictions that the best way to deal with them was to string them to lamp posts or put them behind prison bars. Senators from farming states denied that there is any real shortage of staple foods in the United States. Senator John Sharp Williams declared there had been a hysteria throughout the country and that the cause of high prices was largely psychological. He said he believed the German corruption fund recently unearthed in a Federal Court in New York may have been responsible for the hysteria.

Senate Warring Urged
Word should go straight out from the Senate, Senator Williams said, that there is no shortage of food. Senators Nelson and McCumber agreed that there is no reason to fear a shortage.

The attack on the speculators was led by Senators Thomas and Borah. The Colorado Senator declared they were the real enemies of the nation, expressed the hope Congress would not adjourn without legislation that would remedy the evil, and said the lamp post is the thing to cure such speculation. Before the debate turned to other things, Senator Thomas introduced an amendment to the espionage bill empowering the President by proclamation to suspend during the war the operation of Boards of Trade and Chambers of Commerce, which deal in futures. He had it sent to the table for later consideration.

Food Conservation Urged
Senator Borah predicted a world famine if the war lasts two years and if extraordinary and sustained efforts are not made here to meet the food problem. He attacked the packers, declaring they made enormous profits and said speculation and monopoly in foodstuffs made millions for those who were responsible and made "peons of the people." He favored conscription of food and government possession of the packing companies. Food speculation, he said, should not be ended until the speculators "are put in stripes behind the bars."

Senator Nelson suggested that if some of the "statesmen concerned about this situation" would go to Minnesota and assure the farmer of good climatic conditions, the wheat crop there would take care of the itself. Senator McCumber said the nation should have a wheat surplus this year of more than 200,000,000 bushels after feeding itself and providing for seedling.

MRS. TIMOTHY DESMOND

One of the Oldest Residents of Mason County Dies at the Home of Her Daughter, Mrs. W. A. Jobst at Washington Last Evening.

Mrs. Timothy Desmond, one of the oldest residents of Mason county, died at the home of her daughter, Mrs. W. A. Jobst, at Washington last evening at 5:30 o'clock of infirmities of age. Mrs. Desmond suffered from no illness of any kind but her advanced age caused her death.

Mrs. Desmond was born in Cork, Ireland, on May 10, 1833, and would have been 84 years of age on next Thursday. At the age of two years she came to America with her parents. For 60 years she was a resident of Mason county. Her husband, Mr. Timothy Desmond, preceded her to the grave about 17 years ago. For a number of years she lived with her son, Mr. D. L. Desmond on East Fourth street, but three years ago went to Washington to live with her daughter, Mrs. W. A. Jobst.

Mrs. Desmond is survived by two daughters, Mrs. P. J. Peters of Guthrie, Okla., and Mrs. W. A. Jobst of Washington, Ky., three sons, Charles E. Desmond of Louisville, James B. Desmond of West Carrollton, Ohio, and D. L. Desmond of this city.

The funeral will be held from the home of the daughter, Mrs. W. A. Jobst, at Washington Saturday morning at 9 o'clock with burial in the Washington Catholic cemetery.

Mr. and Mrs. John Murray have returned to their home on East Second street after attending the funeral of her uncle at Winchester, Ky.

Mr. John A. Clarke of Hillsboro, Ky., a prominent undertaker of that place, is in the city today.

GOES TO EUROPE

The Rev. Harris A. Jenkins, former president of Transylvania College at Lexington, and well known here, has left Kansas City, Mo., his residence, for Europe, where he will become a chaplain to the British soldiers in the trenches in France. He will leave on Saturday for Europe. The following article concerning him is published in a recent issue of the Kansas City Times several days ago:
Women Give 'Fighting Parson' A Silk Flag

A regulation size army flag made of satin has been presented to the Rev. Harris A. Jenkins, the "fighting parson," by members of the Ladies' Aid society of the Linwood Boulevard Christian church, of which he is pastor.

Each woman had a part in fashioning it and each of the 48 stars was embroidered by a different member. Mrs. A. D. Cuttingham is president of the society. Dr. Jenkins will go, May 1, to France as an evangelist.

Ice Cream weather for sure; and the Maysville Model Creamery is on the job. Call us up and place your order.
